

MEMORANDUM

TO: Diane O'Quinn Williams
Director
Department of Planning and Zoning

DATE: September 27, 2002

FROM: Danny Alvarez, Director
Miami-Dade Transit

SUBJECT: FY03 Blanket Concurrency
Concurrency Approval for
Transit

This memo serves as a blanket authorization for your Department to continue to review and approve concurrency applications for mass transit in all areas of Miami-Dade County.

Miami-Dade Transit (MDT) has been charged with the responsibility of reviewing and approving concurrency applications for mass transit levels of service as stated in County Ordinance 89-66, Administrative Order 4-85, and Section 33-G of the Miami-Dade County Code. Based on the latest socio-economic information provided by your Department's Research Division, and a review of the Metrobus/Metrorail service area, we are able to re-authorize your Department to review and approve concurrency applications since it appears that all areas of Miami-Dade County meet or exceed the level-of-service standards (LOS) for mass transit established in the above referenced County rules and regulations.

This authorization is intended to continue the arrangement between our respective departments, and is effective for the period of October 1, 2002 to September 30, 2003; unless canceled by written notice from my office.

If your staff needs further information or assistance with mass transit concurrency matters, they may wish to contact Mario G. Garcia, Chief MDT, Transit System Division, at 375-1193. Your continued cooperation on these important matters is greatly appreciated.

Cc: Aurelio Rodriguez, Assistant Director
Mario G. Garcia, Chief

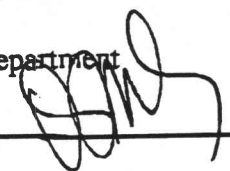

MEMORANDUM

TO: Dianne O'Quinn-Williams, Director
Department of Planning and Zoning

DATE: August 6, 2002

FROM: Vivian Donnell Rodriguez
Director
Park and Recreation Department

SUBJECT: Concurrency Approval

13 

This memorandum updates the blanket concurrency approval memo of September 5, 2001. There is an adequate level of service for all unincorporated areas, as shown on the attached table, and we project that there will be sufficient surplus capacity to maintain an adequate level of service for one additional year.

This approval is valid until September 30, 2003. If conditions change prior to that, I will inform Helen Brown, Concurrency Administrator of your department.

MEMORANDUM

107.07-17A METRO-DADE/GSA-MAT MGT

TO: Guillermo E. Olmedillo
Director
Department of Planning and Zoning

DATE: September 22, 2000
SUBJECT: Solid Waste Disposal
Concurrency Determination

FROM: Andrew Wilfork
Director
Department of Solid Waste Management

The Department of Solid Waste Management determines compliance with the County's adopted level-of-service (LOS) standard for solid waste disposal based on the ability of the County Solid Waste Management System (System) to accommodate projected waste flows for concurrency. Only those System facilities that are constructed, under construction, subject to a binding executed contract for construction, or subject to a binding executed contract for the provision of services are included in this determination, in accordance with Chapter 33G of the Miami-Dade County Code, Concurrency Management Program.

The attached spreadsheet presents the projected utilization of the System's remaining disposal capacity over a period of nearly 40 years. The projection is based on the demand generated by those parties (municipalities and private haulers) who have committed their waste flows to the System through interlocal agreements and long term contracts as well as anticipated non-committed waste flows, in accordance with the LOS standard. The analysis shows adequate System capacity to meet the LOS until 2011 or nearly five (5) years beyond the minimum standard. This determination is contingent upon the continued ability of the County and its disposal service contract providers to obtain and renew disposal facility operating permits from the applicable federal, state and local regulatory agencies. Therefore, please be advised that the current LOS is adequate to permit development orders to be issued. This determination shall remain in effect for a period of three (3) fiscal years (ending September 30, 2003), at which time an updated determination will be issued. If, however, a significant event occurs which substantially alters these projections, the Department will issue an updated determination.

* Ashfill capacity includes cell 17-20; cells 19-20 have not been constructed.
 ** South Dade includes cells 3, 4 and 5; cell 5 has not been constructed. Once ashfill capacity is used up, ash goes to South Dade. Assumes all unders consumes capacity whether or not it is used as cover.
 *** North Dade capacity represents buildout of the facility. When North Dade landfill capacity is depleted, trash is exported.
 All capacity figures are derived from the Capacity of Miami-Dade County Landfills report prepared by the Engineering Division of the Department of Solid Waste Management, dated October 1999.

MEMORANDUM

ST 07-17A 07700 040F 05A MAY 1999

TO: Guillermo E. Olmedillo, Director
Building & Zoning Department

DATE: May 3rd, 1999

SUBJECT: Concurrency
Approval

FROM: Earl L. Carlton, Captain
Fire Engineering & Water Supply Bureau

Subject to compliance with Article XIV a. "Water Supply for Fire Suppression" of the Miami Dade County Code, blanket approval for "Initial Development Orders" for any proposed use is hereby granted until further notice.

A subsequent review to assess compliance with Miami Dade County Fire Flow Standards addressed under the concurrency requirements, as stated in Chapter 163, part 2, Florida Statute, will be necessary during the building permit process.

When zoning use variances are permitted the fire flow standards for the zone permitting the use will be applied.

ELC/ser
